Students Return to School
Term 4 Tuesday October 11

On Friday 9th September we held our Faction Athletics Carnival, on what was thankfully a sunny day. The day was a great success, our students participated enthusiastically and energetically and many new records were set. A huge thank you to all of the parents who helped on jumps and throws and the carnival day, the days ran so fantastically. Lots of high school students helped also, it was great to see their leadership qualities. Thank you to all who came to support our students and be a part of the day, and thank you to our students for aiming high.

From the Principal

CONGRATULATIONS

To all of our amazing, talented young women for representing Wagin District High at the regional APEX heat and to Belinda and Kolbi for making it to the State Heats. An **EXTRA SPECIAL CONGRATULATIONS** to Kolbi on winning the Wearable Art heat and getting through to the National finals in Melbourne. Former student Saige also came runner up in the S&E heat; winning a spot in the National final. We wish both girls the very best of luck.

THANK YOU

We have had many staff away on leave this term; I would like to thank Mrs Patterson, Ms Pense, Mrs Ward, Mrs Minter, Mrs McDougall, Mrs Thompson and Mrs Kilpatrick for coming in throughout the term. We greatly appreciate your support. I would also like to say a huge thanks to our regular teaching staff for being flexible, supportive and staying positive when timetable changes have occurred.

Thanks also to students and families for being flexible and supportive with changes. I appreciate everyone's commitment and dedication to ensuring our children and young people are able to continue to Aim High.

COUNTRY WEEK

Our Country Week students are in Perth this week competing in the District High Schools Country week competition. This year, we have a Mixed Basketball team coached by Mr Mullin and a girls Netball team, coached by Ms Bennison participating. Mrs Kirk is also attending to assist with supervision. I would like to thank Mr Mullin and Ms Bennison for coaching our teams, this is a big commitment and we greatly appreciate their time, effort and enthusiasm. I wish our teams the very best of luck and look forward to sharing their achievement over week.

We greatly appreciate the support of our P&C, the Wagin Shire, WAGS, the Wagin Student Council and everyone who donated time or resources to support sending our students to Country Week this year.

SPRUCING THE PLACE UP

If you have visited school in the last week or two you may have noticed the structure being built behind the Arts Centre. This is our new outdoor classroom, we will use this space for our Kitchen Garden Classes, it is also another space for all teachers to use when they want to get into the great outdoors with their students. There is also a lovely new shed for storing gardening equipment and a nice wide, smooth path. Have a look next time you are visiting school.

We also had the leaver's mosaics and art works from the past four years put up; they can be found outside the library, outside the D&T classroom and along the wall leading to the canteen. They brighten the place up and remind us of the amazing young people who have passed through our doors.

BEHAVIOUR TIPS FROM JENNY MACKAY

You may have read in previous newsletters about our work with Jenny Mackay to continually improve our knowledge, skills and abilities to successfully manage student behaviour. During her last visit; earlier this term Jenny also presented a parent session. Continuing on from the last newsletter here are some additional strategies to try when managing your children's behaviour at home:

UNDERSTAND their AGE/STAGE and related LIFE TASKS

Establish simple GROUND RULES which guide & teach acceptable behaviour

Always remember BEHAVIOUR IS A MESSAGE... conveying how a child/person is feeling and how they are coping with their world.

TUNE into your CHILDREN – LISTEN!

Behaviour Tips from Jenny Mackay (Cont..)

Further explanations of these four can be found in the newsletter link on our website: <http://www.wagindhs.wa.edu.au/>

Teach them SELF CONTROL ... model behaviour ... enable self-discipline

It all lies in... my response... CONTROL STRATEGY

PAUSE ... STAND BACK ... Take 5!

MANAGE those FEELINGS

FOCUS on the BEHAVIOUR

Ask ... HOW IMPORTANT IS IT REALLY?

TUNE IN ... what is really happening here?

WHOSE PROBLEM IS THIS?

Then act either assertively or supportively, following through as necessary,
but always appropriately affirming.

TEACH your children INTERACTIVE SKILLS model, manage & teach them

To be ASSERTIVE ... not aggressive, when there is a problem. Practice assertive skills - teach them about behaviour e.g. **state expectations, use I-statements, ask questions** i.e. don't keep "telling" them what to do e.g. *I told you ...*, or "threaten".. *You know what will happen* Rather e.g. *When children are late - aren't home at agreed time, I worry that something has happened to them, so let me know if you are going to be late. Thanks.*

To EMPATHISE: Our feelings are an inherent part of who we are, so no one can deny what we feel. Managing our emotions is key to managing ourselves. Empathic skill - **firstly accept/reflect/acknowledge emotion /situation with an open response** e.g. *You seem pretty upset about your marks. You look happy today. You sound a bit sad.* And if necessary limit behaviour e.g. *I can see you are really angry with your brother but we don't hit in this house. We cool off and then talk.* Then, if child needs further support, focus them on problem/situation with **open questions – use 'what, when, where, who, which' and 'how'** e.g. What do you want to say ...? How could you do that? Who could help ...? When do you want to ...? etc. **N.B. When feelings are 'high', don't use 'why'.**

Enjoy the break, stay safe.

Cass Harris-Moroney

Interim Reports

Students will receive and bring home their Semester 2 Interim Reports this week. These Interim Reports reflect your child's progress to date on key behaviour and learning outcomes for each subject area. Should you wish to see a teacher or an interview request was indicated, please contact the school or the appropriate teacher ASAP to arrange a suitable time for a meeting.

Extra-curricular educational activities opportunities are a vital part of our school community's life; they bring people together, create that sense of belonging and enrich student learning. It is important to acknowledge that these celebrations take an enormous amount time, energy and emotion in order to happen. What I most admire about the members of the Wagin Community (staff, parents and students), is that they give all of this so willingly in their desire to provide the best possible outcomes for our students.

Congratulations to Belinda Baker, Kolbi Edwards and Mr Shaun vandenBerg who represented Wagin DHS so admirably at the Western Australia State Finals of the APEX Teenage Fashion awards. Kolbi amazingly won her category and is to represent WA at the Australian Finals in Melbourne. Past Wagin DHS students Madison Horne and Saige Edwards also participated in the State Finals with Saige going through to the Australian Finals.

A lot of our Secondary Students are representing our school at Country Week this week. We have a Basketball team and a Netball team participating in the games throughout the week. Thanks to Miss Bennison, Mr Mullin and Mrs Kirk who are supporting our young people at this great opportunity.

Thank you to Mrs Joanne King who organised the Puntapin Rock excursion for our high school students. There was planned geography, mapping and science activities which culminated in a sausage sizzle for lunch.

I would like to inform our school community that I will be taking long service leave next term. Mr Shaun vandenBerg will be the Deputy Principal during my leave. Please forward any concerns, issues or positives to Mr vandenBerg during Term 4. I will return to Wagin DHS Term 1, 2017. I hope everyone has a safe and relaxing holiday!

Year 9 and 10 Medical Career Experience

On Thursday September 8, UWA medical students Elly Harris, Tom Forrest, Oliver Ash and Doctor Peter Smith visited the Year 9 and 10 Careers and Enterprise classes to expose the students to what a career in the Health profession would look like.

We learnt how to look into our eyes with a light and how it should have a red light reflect back. We learnt how to half cast a limb and what lungs should sound like. We also tested reaction times with parts of our body. We felt the session was full of information, cool and interesting. We believe we learnt something.

The students were asked if they would like to sign up to the SPINPHREX mentoring program. They can email SPINRPHEX directly (with name, email, school and year/grade) on rhsv.spinrphehex@gmail.com if they want to sign up for the mentor program or ask any questions.

If any student is interested in a career in medicine, dentistry, podiatric medicine or pharmacy, they can send an email to sue.pougnault@uwa.edu.au who will provide a rural information package and assist them over the coming year with the support program.

Kindergarten Orientation 2016

When a child first goes to school, there is great change for that child and for his or her family. We believe that you, the child's parents/carers are the most important link in the educational chain and that together parents and teachers can make your child's experience at school an excellent and enjoyable one.

Wagin District High Kindergarten Orientation will operate in Term 4 every two weeks on a Tuesday. Our first session commences in Week 1, we look forward to seeing you all there!

What your child/ren will need to bring to each session: Hat; Water bottle; - A small healthy snack e.g. Cut fruit/vegetables etc

Term 4	Book	
Week 1 – 11 th October 2016	 <p>Brown bear, brown bear, what do you see?</p>	9.00-10.30am Parents are requested to stay and participate whilst the students are completing activities.

Puntapin Rock Excursion

On the 26th of August, Year 7-10's went on a geography excursion to Puntapin Rock. Each year group had a different inquiry question to answer about the rock. We had a booklet that had questions in it that we had to answer as well as field sketches that we had to draw. We found tadpoles and frogs in the many ponds spread around the rock. Some of the boys built a cairn out of the smaller rocks that were scattered around Puntapin (just like the Vikings would have done!). We traversed the rock and recorded spot heights using ICT. After a magnificent time walking around the rock, discovering new things that we didn't know and taking pictures, we went down to the picnic area and had a sausage sizzle and a drink. It was great to be able to put our geography skills into practise and we are looking forward to going on another excursion next year!

scitech

Explore your world through wonder

Last Friday, September 16th, students in Years 4 to 7 were able to participate in some exciting Science experiments when Scitech came to visit Wagin DHS. Presenters showed the students several ways to explore science through more common household items, such as a pair of tongs, kitchen dishwashing liquid, a fire lighter, and a piece of red cabbage! The Year 7s then experimented with ways to replicate the effect of a tablet being dissolved in a stomach. The aim of this was to show how science is part of everyday life.

All students enjoyed the hands-on learning and Science was definitely a winner on the day.

Go Health!

Help your child to be a non-smoker

Set a good example by being a non-smoker. If you have found quitting difficult and are still a smoker, tell your child how you feel about your smoking. You can get support to help you quit. Wheatbelt Quit Smoking Program facilitators work across the Wheatbelt providing FREE support. Contact 9622 4320 to get local support to help you quit.

Support non-smoking messages. Make your house and car smoke-free zones. Don't send your child to buy smokes or get them to light cigarettes for anyone. If there are smokers in the house, keep smokes where children cannot get them.

Discuss smoking with your child when you see others smoke. Talk about the dangers of smoking. Explain the long-term risks but emphasise the immediate risks to their health and wellbeing (e.g. bad breath, stained teeth and fingers, and less money in their pocket). Explaining the long-term risks may not have much of an impact, as young people can find it difficult to imagine 20 or 30 years into the future.

For more information about smoking, go to <http://makesmokinghistory.org.au/> and <http://www.smarterthansmoking.org.au/>.

CHICKEN BURGERS

Ingredients

- 500 g chicken mince
- 100 g mushrooms, roughly chopped
- 1 stick celery, roughly chopped
- 1 brown onion, roughly chopped
- 1 sprig parsley
- 1 egg
- 2 tsp reduced-salt soy sauce
- 1/2 - 1 cup breadcrumbs
- a little flour to shape patties
- olive or canola oil spray
- 6 wholemeal or wholegrain rolls, cut open and spread with sweet chilli sauce
- 3 lettuce leaves, shredded
- 1 tomato, sliced

Method

1. Finely chop mushrooms, celery, onion and parsley or blitz in a food processor until finely chopped.
2. Mix blitzed vegetables with chicken mince, soy sauce, egg and enough breadcrumbs to make a soft but manageable texture.
3. Divide mixture into six and shape with a little flour into round patties larger than the width of the rolls.
4. Spray a non-stick pan with oil and cook for 4-5 minutes on each side until golden brown and cooked through.
5. Serve on a roll with lettuce, tomato and cucumber slices.

Hint: Extra patties can be frozen and stored.
