24 March 2020

Dear Parent/Guardian,

I hope this update finds you all well. I want to start by acknowledging the pressure you as caregivers must be under in these uncertain times.

As you are fully appreciative, WA's current circumstances are finding us making decisions day by day. With this in mind the staff at Wagin DHS are following the direction of the Education Department. Whilst it is business as usual at school, we are also planning for the continuity of teaching and learning should schools be directed to close for a temporary or extended duration. To support us in this planning we would appreciate if you could please complete the Survey Monkey that will be emailed to you later today.

Further information regarding ongoing academic provision will be provided if and when the Department of Education makes a more formal announcement. In the meantime, please feel confident that while your child is at school we are endeavouring to ensure all measures are being implemented to provide a safe, hygienic and meaningful learning environment.

Classroom teachers are currently preparing a letter that will outline some activities that will support students to continue their learning from home. This is not the full curriculum, however, will allow your child access to keep up to date with aspects of the classroom Literacy and Numeracy program.

The latest update from the Health Department can be found on the Coronavirus Information link on our website. [Information for parents and schools](#)

Due to low numbers, the P&C has made the hard decision to close the canteen from this Friday until the end of term. The canteen does plan to open again Term 2. Breakfast Club is still operating every morning from 8.30am.

If you have any queries or concerns, please do not hesitate to contact the school or myself on 9861 3200.

Kind regards

Tracy Pickering  
Principal  
Wagin DHS
